REACH (EG) 1907/2006 Declaration of Compliance

Intronics B.V. hereby declares that all products delivered adhere to the European directive REACH 1907/2006/EG.

As importer / distributor, Intronics delivers products classified within the REACH directive as "articles" and 'preparations' and thus do not carry registration requirements. Intronics has required her suppliers to register all the 'substances' and 'substances in preparations' according to the directive 1907/2006/EG before the 1st of January 2009 and to provide confirmation of this.

On release of substances and preparations, Intronics will monitor compliance with the directive by means of checking relevant statements and material data sheets (MSDS). Unregistered substances will not be purchased nor processed.
